### WORK EXPERIENCE

#### E-commerce (Cara)

Feb. 2023

##### Front-End Developer

I developed a dynamic shopping e-commerce webpage using HTML and CSS, seamlessly blending design aesthetics with functional user experience to enhance online shopping interactions.

#### News App

Sep. - Oct. 2023

##### React Js

I leveraged ReactJS to create a cutting-edge news app, delivering a responsive and intuitive user interface for seamless access to the latest information and updates.

#### Hair Studio

Apr. 2023

##### Front-End Developer

I crafted a vibrant and interactive hair studio website using HTML, CSS, and JavaScript, seamlessly blending aesthetic design with dynamic features to showcase the studio's services and engage visitors.
